SUMMARY

I have 18+ years of experience across financial services organization, Consulting Organization and currently working with a leading telecom in Qatar having revenue of 4 Billion GBP. A strong international work experience across USA, UK, Russia, India, Qatar and many other countries. Expertise in Cyber Security and Information Risk, Cyber Security Strategy and Architecture, Data Privacy, Program Management, Business Continuity Management, IT Procurement.

A seasoned professional with extensive experience in cyber security, information security, and management consulting. Notable roles include Customer Delivery Manager at Ooredoo Qatar (Dec 15 - Present), Senior Business Process Specialist at Barzan Holdings (Jul 2018 - Jan 2019), Vice President and Independent Consultant at Doha Bank (Oct 2017 - Apr 2018), and positions at KPMG (Qatar & Bahrain) and Qatar First Bank/NCB-Saudi Arabia. Proven expertise in leading teams, implementing security measures, and delivering strategic solutions.

WORK EXPERIENCE

- Customer Delivery Manager (Cyber Security)** Dec 15 - Present
Ooredoo Qatar
Mentored and supervised 50+ employees globally, overseeing SOC managers, engineers, parsing, and firewall teams. Protected government, banking, airline, and corporate clients from cyber threats, analyzing technical architecture, implementing monitoring solutions, and managing vendor services through ATOS for Ooredoo.
- Senior Business Process Specialist (Information Security)** July 2018 - Jan 2019
Barzan Holdings
Prepared multi-year Cyber Security & Resiliency plans based on NIST CSF processes, ensuring simplicity and practicality. Provided decision-makers with crucial intelligence on emerging threats and facilitated the development, maintenance, and implementation of data protection frameworks, policies, and processes.
- Vice President and Independent Consultant** Oct 2017 - April 2018
Client: Doha Bank
Assisted the Head of Commercial Excellence and Information Security in developing multi-year Cyber Security & Resiliency strategies. Developed cloud security strategy and practices for Amazon Web Services (AWS) deployment.
- Manager - Management Consulting (Cyber security Consulting and BCM/BCP)**
KPMG (Qatar & Bahrain) April 2016 - June 2017
Supported KPMG executives in client-focused business development, created value-driven sales propositions, and aided in Cyber Security, BCM/BCP, Information security, and risk strategy for Banking, Oil & Gas, Telecom, and IT projects. Implemented cloud-based security, recommended GDPR, ISO, and conducted Data Privacy Audits. Delivered presentations at CIO and board levels.
- Project Manager - Information Security and BCM Consultant**
Qatar First Bank (QFBI) and NCB-Saudi Arabia April 2015 - Mar 2016
Saved \$400,000 through role consolidation and process optimization. Collaborated with CTO and CRO, streamlining information security, BCM, procurement, and service management processes, including SLA negotiations.
- Associate Vice President (AVP) - Business Transformation**
HSBC Securities Services (HSS) Aug 2012 - Mar 2015
Part of regional business risk and control team with reporting in Hong Kong and COO-HSS India. Managed Information Security, BCM, and compliance across South Asia, revising Cyber Security and BCM frameworks and SLAs for four sites.
